SOUTH TEXAS DIVISION

H. J. FLATT
MANAGER

March 16, 1984

Mr. Gary R. Dowling
King Ranch Gas Plant District

Congratulations to you and all of the King Ranch Gas Plant District employees for attaining the enviable distinction of winning the President's Award for Outstanding Safety Performance. This is an award not easily won, because the standards are high and the competition is keen.

King Ranch Gas Plant District was considered for this recognition along with nominees from various other segments of Exxon's operations, including Coal, Pipeline, Refining, and Marketing. To win any award, and particularly an award of such outstanding distinction, it takes hard work and much team effort. I am proud of our team and would like for you to congratulate all employees of the King Ranch Gas Plant District.

J. Wayne Achee
